Product description

Features:

- Mounting bracket only
- Adjustable tilt
- Quick position change
- Lightweight
- Antenna/Controller NOT included

Original 4Hawks mounting for Yuneec Typhoon 4K drones. Made of stainless steel for rock solid stability and durability. Thanks to excellent design the entire set is lightweight and uniform (without any loose equipment pieces).

Changing the direction of the antenna doesn't cause any difficulties, as the system allows quick position change with just a single “click”. This way you can be sure you don't lose the connection with your drone at any times. Mounting the range extender leads to changes with the remote controller.
